

THE LEAD OWN IT. SIGN IT OFF.

You own delivery on your projects: set the plan, shape the team, watch health – and give the final ✓ before work is truly done.

YOUR ONE BIG JOB – SIGN-OFF

TASK MARKED DONE

"NEEDS SIGN-OFF" BANNER

APPROVE ✓

or

SEND BACK WITH A REMARK

Doers can never approve their own work. Every approval is **logged** with your name and time.

YOUR DAY, IN 5 MOVES

01 OPEN MY DAY

Scan the cards: due today, overdue, blocked, and idle team-mates.

02 JUMP INTO A SLIPPING PROJECT

Check its board by week; open the History tab to see who changed what.

03 APPROVE **DONE** TASKS

Or send them back with a remark – you are the quality gate.

04 ADJUST THE PLAN

Change roster or dates; the team is notified automatically.

05 CLEAR **LEAVES**

Approve or deny pending leave requests.

CAN & CAN'T

YOU CAN

- ✓ Create projects & tasks; manage the team roster
- ✓ Sign off (or revoke) Done work on your projects
- ✓ See financials (hours vs. budget) & full history
- ✓ Approve leave · export data · review Resources

YOU CAN'T

- × Day-to-day task edits – that's the Co-ordinator
- × Import tasks from spreadsheets
- × Manage users or system settings (Admin only)

THE CO-ORDINATOR MAKE THE WEEK HAPPEN.

You're the engine room. Assign work, move dates, unblock people, keep every board current – you have the fullest hands-on control of any role.

THE BOARD YOU RUN – EVERY TASK MOVES LIKE THIS

Blocked can happen from In Progress (a reason is captured) – it lands on your My Day instantly. Anything not Done **carries forward** to next week automatically.

YOUR DAY, IN 5 MOVES

01 OPEN MY DAY

Due today · overdue · blocked · idle – your whole team at a glance.

02 CLEAR THE OVERDUE PILE – IN BULK

Tick several tasks → reassign or set a new date in one go. The list only offers people with the same role as the current owner.

03 KEEP BOARDS HONEST

Add missing tasks, set priorities, assign developers – you can edit *any* field on any task in your projects.

04 UNBLOCK PEOPLE

Chase the dependency or the person; flip the task back to In Progress.

05 STAR WHAT MATTERS ★

The Important star pins a task to the org-wide Dashboard for leadership.

CAN & CAN'T

YOU CAN

- ✓ Edit everything on any task: priority, dates, assignees, status, dependencies, star ★
- ✓ Bulk reassign / re-date from My Day
- ✓ Import a spreadsheet of tasks into a project
- ✓ Sign off Done work · approve leave · export

YOU CAN'T

- × Manage users or system settings (Admin only)
- × That's it – everything else is yours

THE BUSINESS DEVELOPER WIN IT. HAND IT OFF.

You live at the front of the funnel: track deals, keep the client directory fresh, and turn every win into a project for delivery to run.

YOUR BOARD – DRAG DEALS ACROSS FOUR STAGES

LEAD

QUOTED

WON

KICKED OFF

Each deal shows value, win probability & expected start; the header sums the **weighted open value** (value × probability).

YOUR DAY, IN 4 MOVES

01

OPEN THE PIPELINE

Drag deals between stages; add a New deal or drop a dead one.

02

DEAL WON? KICK OFF THE PROJECT

Create the project, pick the client (or add a new one), and name its *Lead + Co-ordinator*.

03

KEEP CLIENTS FRESH

Contacts, industry, and each client's list of projects.

04

HAND OFF & WATCH

Delivery staffs the project and runs the tasks; you keep sight of financials and status.

CAN & CAN'T

YOU CAN

- ✓ Manage the Pipeline – add, drag & drop deals
- ✓ Add clients & keep the directory current
- ✓ Create a project and name its Lead + Co-ordinator
- ✓ Create first tasks on a project you kicked off
- ✓ See financials on your projects · export data

YOU CAN'T

- × Manage a project's team roster or delivery details
- × Edit task fields, assign developers, or sign off
- × See audit history · import tasks · manage users

The handoff rule: you open the door – create the project, name the Lead & Co-ordinator – then delivery takes it from there. You'll be notified of new intake and project status changes.

THE DEVELOPER

ONE CLICK AT A TIME.

Your world is simple: the tasks assigned to you, one button to move each forward, and a timer that logs your effort as you go.

DONE ✓

Stuck? Hit **Block** + a reason – your Co-ordinator sees it immediately; Unblock returns it. **Start** also runs the timer; **Done** stops it and sends the task for sign-off.

YOUR DAY, IN 5 MOVES

01 OPEN MY TASKS IN FOCUS MODE

Only what needs attention now: due, overdue, in progress. “Show all” reveals the backlog.

02 HIT START ON THE TOP TASK

Timer runs, status flips to In Progress. Stop pauses; resume any time – even days later.

03 STUCK? BLOCK IT WITH A REASON

Don't sit on it quietly – a blocked task gets help fast.

04 FINISHED? CLICK DONE

Timer stops; the task goes to a Lead/Co-ordinator for sign-off.

05 CHECK NOTIFICATIONS

Reply to @mentions; type @ in a remark to loop someone in.

CAN & CAN'T

YOU CAN

- ✓ Update status & run the timer on your own tasks
- ✓ Add remarks, attachments & @mention colleagues
- ✓ Self-assign to tasks on projects you're on
- ✓ Use the Calendar & request leave

YOU CAN'T

- ✗ Edit priority, dates or assignees on tasks · star ★
- ✗ Create projects, manage rosters, or sign off work
